

# AUTOCUT PS 105

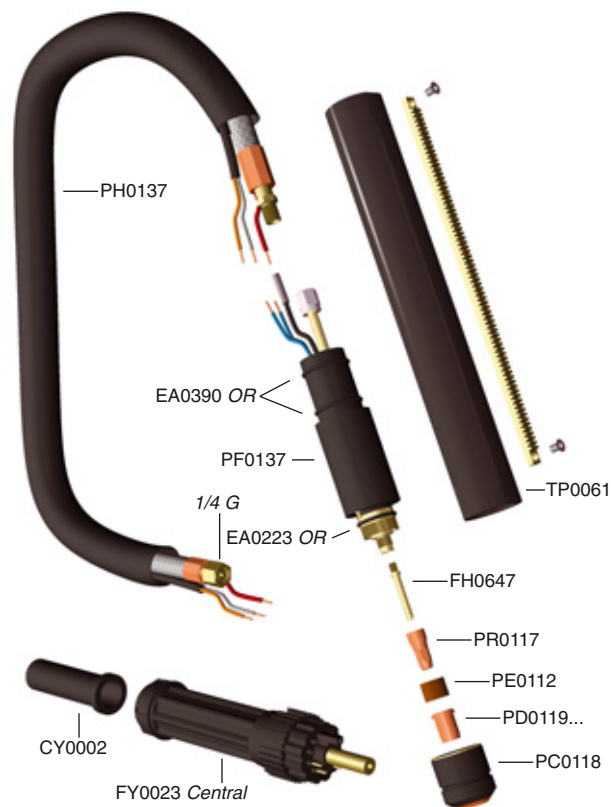

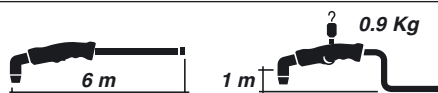

## COMPLETE TORCH

Pt. No.	Description	Pack	Euro	D
PA1682	Plasma ERGOCUT Torch PS 105 6m central adaptor	1	550,00	A
PA1684	Plasma ERGOCUT Torch PS 105 6m 1/4G	1	470,00	A

## TECHNICAL DATA

<b>Voltage class</b>	<b>M</b>
<b>Standard length m</b>	<b>6</b>
<b>Air consumption</b>	<b>180 l/min</b>
<b>Air pressure</b>	<b>5 bar</b>
<b>Duty cycle 60%</b>	<b>100 A</b>
<b>Duty cycle 100%</b>	<b>70 A</b>

TP0061	Handle	1	75,00	B

The first Trafimet automatic torch with air striking without high frequency.

As per the other torches of the "S" range, the striking without high frequency involves, as well as a series of remarkable advantages, less electromagnetic disturbance with consequent absence of problems for electronic control systems in automatic equipment.
